CAREER CHRONICLE

Half Yearly updates from the Training & Placement Cell of E.G.S. Pillay Engineering College

Where Academic Excellence meets Industry Expectations to Shape Successful Professional Careers

Greetings from the Training & Placement Cell of E.G.S. Pillay Engineering College

The Training and Placement Cell of E.G.S.Pillay Engineering College plays a key role in strengthening industry–academia interaction and preparing students for successful careers. Over the past six months, the cell has organized structured initiatives such as Phase II Training, Technical Talks, Professional Development Course (PDC) Training, and multiple Campus Recruitment Drives to enhance students' technical and employability skills.

As a result of these sustained efforts, 500+ students have been selected and placed through on-campus recruitment drives. The Placement Cell has collaborated with 26 reputed companies, including leyal Solutions, CRI Pumps, Nissan, Praba Automotive, and others.

Looking ahead, the Placement Cell has planned 20+ companies to conduct upcoming campus recruitment drives in the coming months. In addition, various levels of training programs—covering technical skills, aptitude, soft skills, and industry readiness—are also scheduled to further strengthen students' placement prospects.

NEWS UPDATE

Training for Final-Year Students to meet current industry demands

Phase II Training for final-year students was successfully conducted by industry experts, focusing on enhancing technical proficiency, employability skills, and real-world industry exposure. The training sessions were designed to bridge the gap between academic learning and professional expectations, preparing students to meet current industry demands with confidence.

Professional Development Course 4

Classes | Skill Enhancement | Career Readiness

Professional Development Course 4

Classes | Skill Enhancement | Career Readiness

The Professional Development Course (PDC) for III year students was conducted with the objective of enhancing overall employability and career readiness. The program was structured into four focused classes, emphasizing skill enhancement and professional grooming to meet current industry expectations.

As part of the course, mock interviews were organized to help students gain confidence and practical exposure to real recruitment scenarios. Students were also guided on ATS-friendly resume preparation, enabling them to understand resume screening processes and improve their chances of shortlisting in campus and off-campus recruitment.

In addition, LinkedIn awareness sessions were conducted to educate students on building a strong professional profile, effective networking, and personal branding. These initiatives collectively aimed at preparing students to confidently face future placement opportunities and professional challenges.

CAMPUS RECRUITMENT & PLACEMENT ACHIEVEMENTS

CAREER CHRONICLE

The Placement Cell of E.G.S.Pillay Engineering College has successfully executed an extensive campus recruitment program during the current placement cycle by engaging with 30+ reputed companies across diverse sectors. These recruitment drives provided both Direct Placement and Intern Cum Placement opportunities, ensuring early industry exposure and long-term career prospects for students.

A wide range of academic streams benefited from these drives, including Artificial Intelligence & Data Science, Circuit Branches (ECE, EEE, EIE), Mechanical, Civil, Biomedical Engineering, MBA, Core Engineering, and Arts & Science disciplines. The offered salary packages ranged from ₹1.8 LPA to a high of ₹12 LPA, with premium offers from companies such as Lavendel.ai (12 LPA), Kaar Technology (6.5 LPA), Securin (6.5 LPA), Halleyx (4.5 LPA), Softsquare (4.5 LPA), CRI Pumps, Nissan Motors, PreludeSys India Pvt Ltd, and Prabha Engineering.

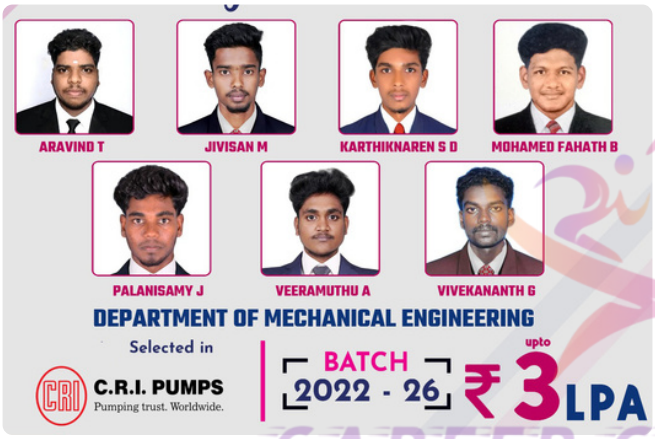

Several organizations conducted large-scale campus drives with participation of 100+ students per drive, reflecting strong industry trust and consistent recruiter engagement with the institution. The recruitment formats included technical assessments, interviews, and internship-linked evaluation models aligned with current industry hiring practices.

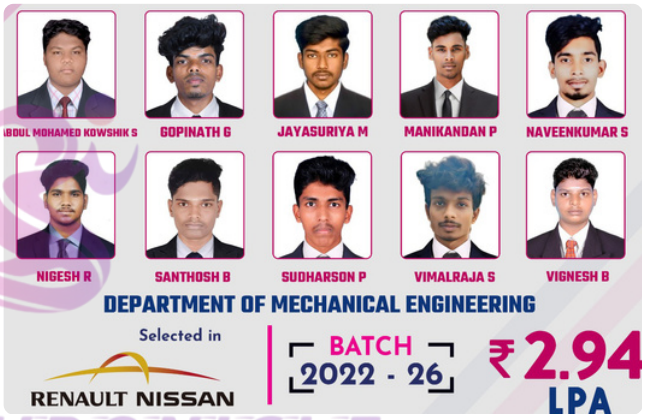

PLACEMENT UPDATES

Our students have been successfully placed in the last six months. We heartily congratulate all the students on their remarkable achievement.

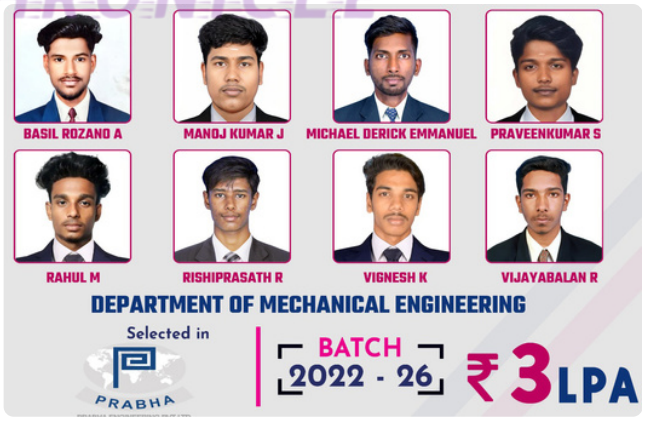

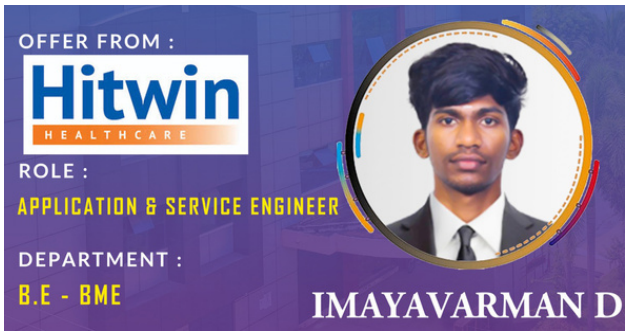

CAREER CHRONICLE

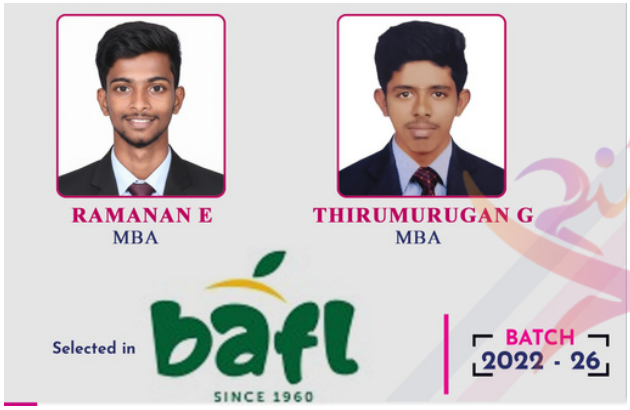

PLACEMENT UPDATES

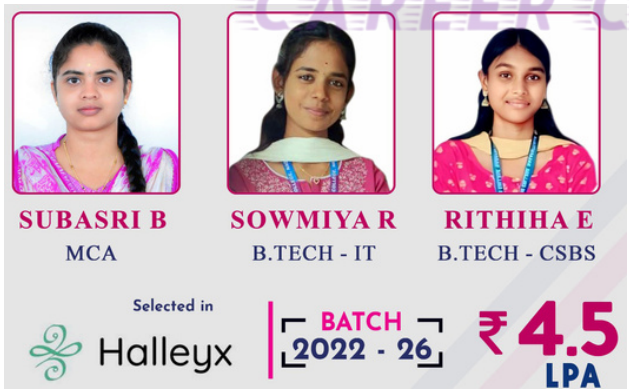

CAREER CHRONICLE

Through these drives, more than 185 students have been selected for Placement and Intern-cum-Placement opportunities, reflecting the strong technical knowledge, practical skills, and professional readiness of our students. The recruitment process included aptitude tests, technical interviews, and HR rounds, providing students with valuable real-world hiring exposure.

This achievement stands as a strong testament to the institution's focused training programs, continuous skill development initiatives, and effective industry collaboration, reinforcing our commitment to shaping confident, career-ready professionals.

Career Corner

Empowering Futures through Career Guidance & Technical Talks

With a strong commitment to shaping future-ready professionals, the institution successfully organized a series of Career Guidance and Technical Talks aimed at empowering students with the knowledge, skills, and confidence required to excel in today's competitive world.

Mr. Ganesh Thirunavukkarasu, Founder & CEO of Uniqshift Ventures, who served as the Chief Guest and keynote speaker. With his extensive experience as a Talent Acquisition Leader, Academic Mentor, and Industry Advisor, he provided valuable insights into professional readiness, industry expectations, and strategies for career planning.

E.G.S. Pillay Engineering College, through its Career Guidance Cell (CGC – EGSPEC), successfully organized "Talent Talks 2025", a career-oriented expert talk series aimed at shaping future professionals by strengthening their awareness, skills, and mindset.

The program was graced by Mr. Ravi Kumar Murthy, Regional Head – HR & Academic Alliances Group, Tata Consultancy Services (TCS), as the Chief Guest.

Mr. Ravi Kumar Murthy shared valuable experiences from the IT industry and motivated students to align their academic learning with industry requirements. His talk inspired students to focus on skill development, professional attitude, and long-term career vision.

CAREER CHRONICLE

VAAGAI SUDA VAA-UPSC & TNPSC Exams Awareness Programme

E.G.S. Pillay Engineering College (EGSPEC), through its Career Guidance Cell, organized the "Vaagai Suda Vaa – UPSC & TNPSC Exams Awareness Programme" for engineering students with the objective of creating awareness about competitive examinations and careers in civil services.

The programme featured eminent resource persons Thiru. Bhargava Teja, IFS, District Forest Officer, Nagapattinam, and Thiru. M. Boomonathan, Founder & Director, Kingmakers IAS Academy. The speakers provided valuable insights into the UPSC and TNPSC examination patterns, eligibility, preparation strategies, and career opportunities in public services.

Thiru. Bhargava Teja, IFS, shared his inspiring journey in the civil services and emphasized discipline, perseverance, and commitment to public service. Thiru. M. Boomonathan guided students on effective preparation techniques, time management, and strategic planning required to succeed in competitive examinations.

The programme was highly informative and motivational, enabling students to gain clarity and confidence to pursue careers in UPSC and TNPSC services. The event significantly contributed to broadening students' career perspectives and encouraging them to aim for excellence in public service examinations.

PDC II TRAINING

PDC training for second-year students is scheduled to begin from next month and will include Aptitude, Resume Building, Interview Essentials, and Grammar. The Training aims to strengthen students' employability skills and enhance overall communication and confidence. Sessions will be handled by experienced trainers using industry-oriented methods. This initiative is designed to support early career preparation and readiness for future placement opportunities.

We extend our sincere gratitude to the Management, Staff Members, Training and Placement Team, and the Career Guidance Cell for their constant support and dedicated efforts.

"Build skills quietly. Let success make the noise."
